

Eunice Nalukenge, FCCA

I am a professional accountant with more than 18 years' experience in various industries; 4 years as an external auditor with Deloitte; 4 years in internal audit and 7 years in Finance.

I love supporting clients in bookkeeping and controllership work. I am a QBO and Xero certified advisor.

I have worked with several organizations in training and improving the skills of their finance department, and supporting them to improve their internal controls and procedures. I have been involved in the budgeting process, supervising reports prepared to donors such as the Mastercard Foundation, providing technical advice to the CEO and preparing reports for the board. I have also been involved in the day-to-day operations ensuring adequate cashflow for activities, correct distribution of funds and reviewing accountability from staff.

I have supported several clients in book keeping, financial reporting and tax compliance.

I am passionate about seeing growth in any organization I work with and ensuring a good working environment for the staff under my supervision.
